

## PDF Files

With this reorganisation of the web pages, as far as possible helps have been converted from web pages into this format. .pdf files are read using Adobe Acrobat Reader. If you do not have a copy of this software it can be downloaded free from the Internet. See instructions on the page about the Manual Files.

You can find this type of document by clicking on the  icon where ever it appears in a class, award or other place in this site.

The source documents for these files will be found on the new CD that will be produced once the conversion of the web site is complete.

### Activity Books

The Activity Books (loose work sheets in a plastic envelope) that are available from the Adventist Book Centres, were written in 1992 in a great hurry. It was intended that after one year of use they would be upgraded (see the first page after the cover in each pack).

Since these books have never been updated this web page is tending to replace them, though they are still available from the local Adventist Book Centre. For those who do not have broadband access to the Internet a CD is available from your local Conference or Mission Youth department with the old web pages and other helps. A new CD will be produced eventually.

As with all the pages on this web site, the material has been provided by Adventurer teachers with a creative flair, My only task is to put them on the web. At this stage material for these work books has been provided mainly by **Deb Butler, Robyn Dunlop, Julie Rainey** and **Margaret Tay**. Eventually it is hoped that the other material on the web provided by other people will also be added in this format.

It must be emphasised that this is a "work in progress". More material will be added as it is sent to me and I have time to insert it. See the "Contact Us" entry on the "Main Menu" for details of how to contact me..
