

Dear Grasshopper Adventurers,

As part of the feathered friends award we are supposed to keep watch in our backyard or neighbourhood for one week and write down the names of the birds that visit each day. There are some basic bird books you can get from the library, to help you identify the different birds. We thought you might like to do this over the holidays.

You can make a bird feeder by:

A. Cutting out the front section of a milk carton and placing the seed inside. Attach a string.

OR

B. Find a pinecone or empty toilet paper roll, roll it in peanut butter and then in the seed. Attach a string.

Then once you've made the feeder, hang it In a tree, off the fence, clothesline or swing Set and theri watch for some birds to find the seed.

We'd love to see you with your bird feeder 'In a photo so that we can put it Into your bird folder.

Please bring your list of birds back In by the next meeting which will be on _____ just after the holidays.

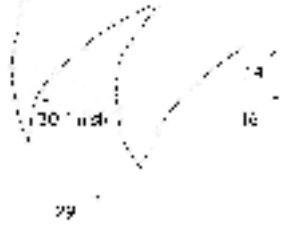

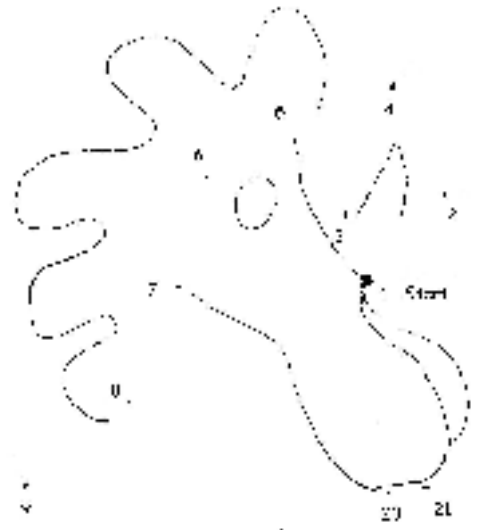

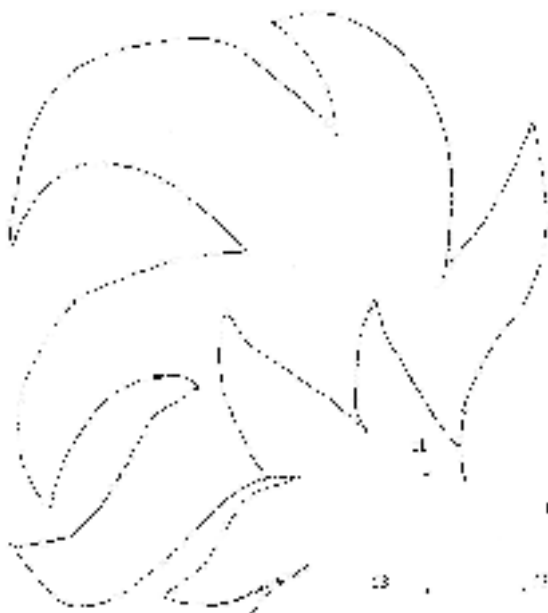

Happy bird feeder making and bird watching.
