

Playful Puppies Activity Book

For Adventurers

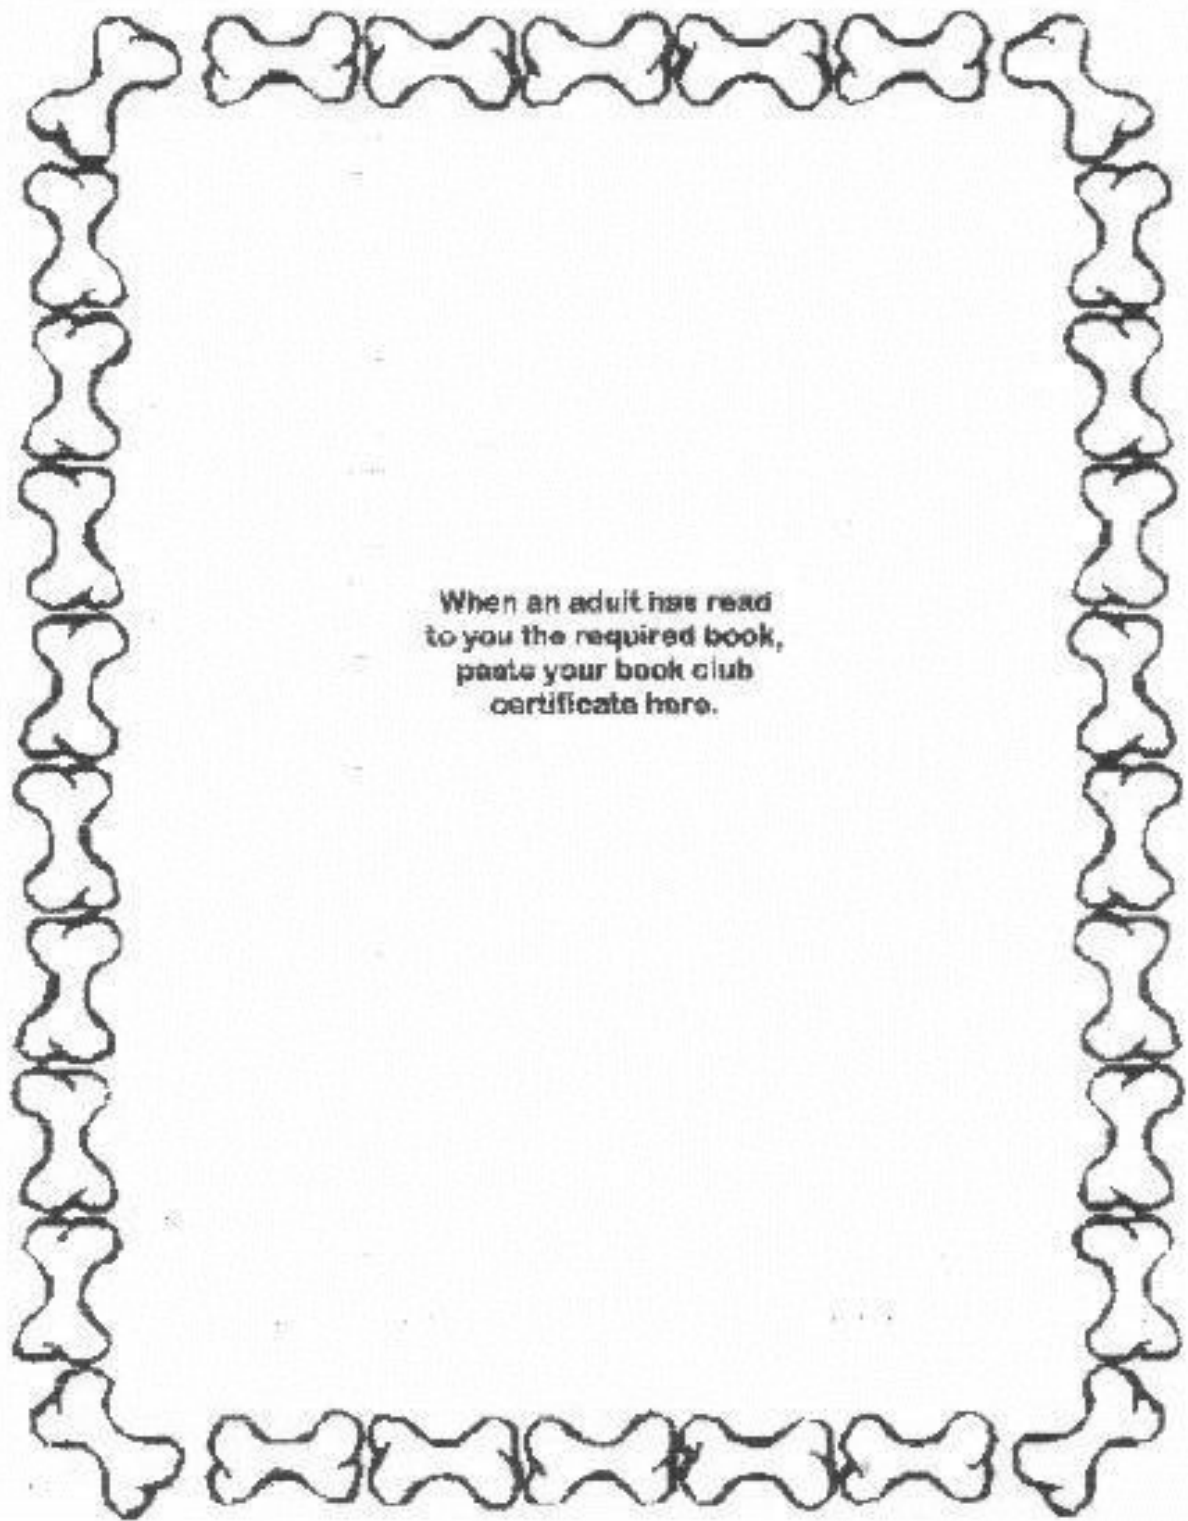

Age Four Years

Book Club

Teacher, please cut out the portion of the girl's fingers that are over the cover of the book. Have the children paste the coloured cover of the book on the outline and then stick the girl's fingers down to it. The pages of the book can then be glued along the spine only -- with the pictures facing out -- on the cover.

Book Club Certificate

When an adult has read
to you the required book,
paste your book club
certificate here.
